Your Electric Companion for Long-Range Comfort

BYD eMAX 7 is crafted for those who value both modern convenience and environmental responsibility, offering a seamless blend of range and reliability.

Inspired by the demand for sustainable mobility, the BYD eMAX 7 redefines the driving experience with its spacious design and innovative technology.

Dragon Face Design

Crystal Diamond Floating LED Headlamps

Speedy Dynamic Wheel Hub

Electric Elegance

Experience electric elegance with the BYD eMAX 7, where sleek, aerodynamic lines meet modern design sophistication. The bold exterior is crafted to captivate, featuring a streamlined profile and refined details that reflect its advanced engineering.

Immersive Interiors

The thoughtfully designed cabin offers abundant room, refined details and front ventilated seats for unparalleled comfort.

Enjoy a harmonious blend of elegance and practicality, making every drive a memorable experience.

Modern Interiors with Intelligent Cockpit

Experience the perfect blend of style, functionality, and spaciousness, tailored to enhance your driving pleasure.

Wireless Charging

Spacious 580 litre* Boot Space with Foldable Flatbed Rear Seats

12.8-inch (32.5 cm) Rotatable Infotainment Display

3 Spoke Multi-function Steering Wheel

Seamless Technology & Connectivity: Cutting-edge Driving Experience

Ride with comfort & stay connected.

Experience the pinnacle of driving innovation with our seamless technology and connectivity features.

Advanced Instrument Cluster

Advanced Gear Shift

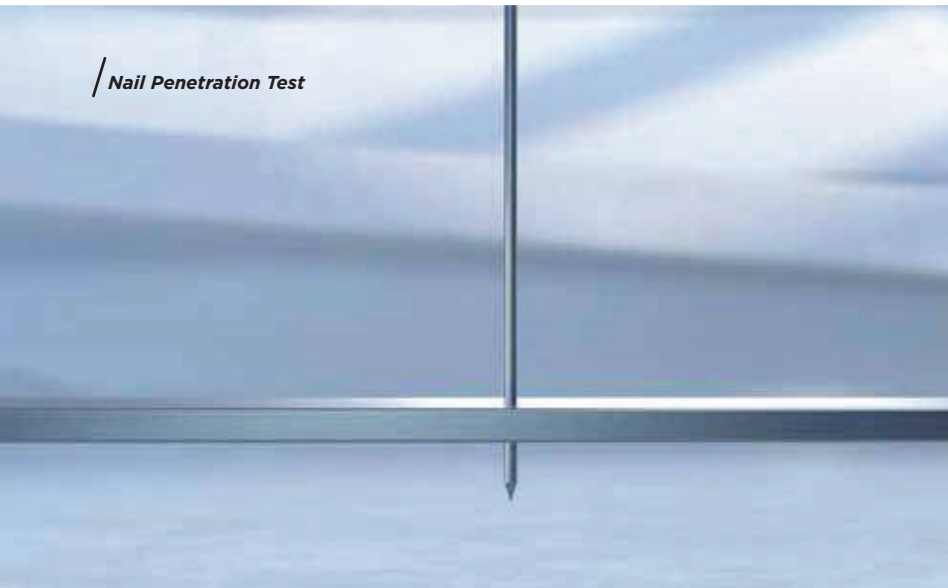

Maximum Performance

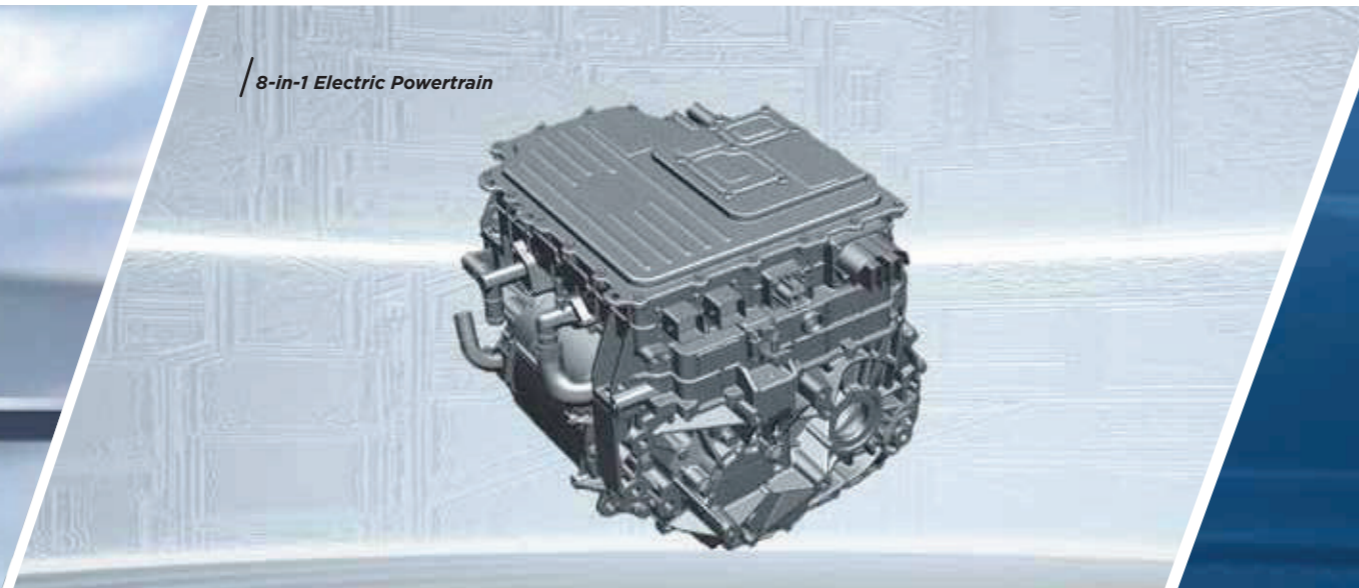

Experience exhilarating performance with the BYD eMAX 7: 150 kW peak power and 310 N·m peak torque drive its surging 8-in-1 electric powertrain. Accelerate from 0 to 100 km/h in just 8.6 seconds, showcasing aerodynamic prowess with flair.

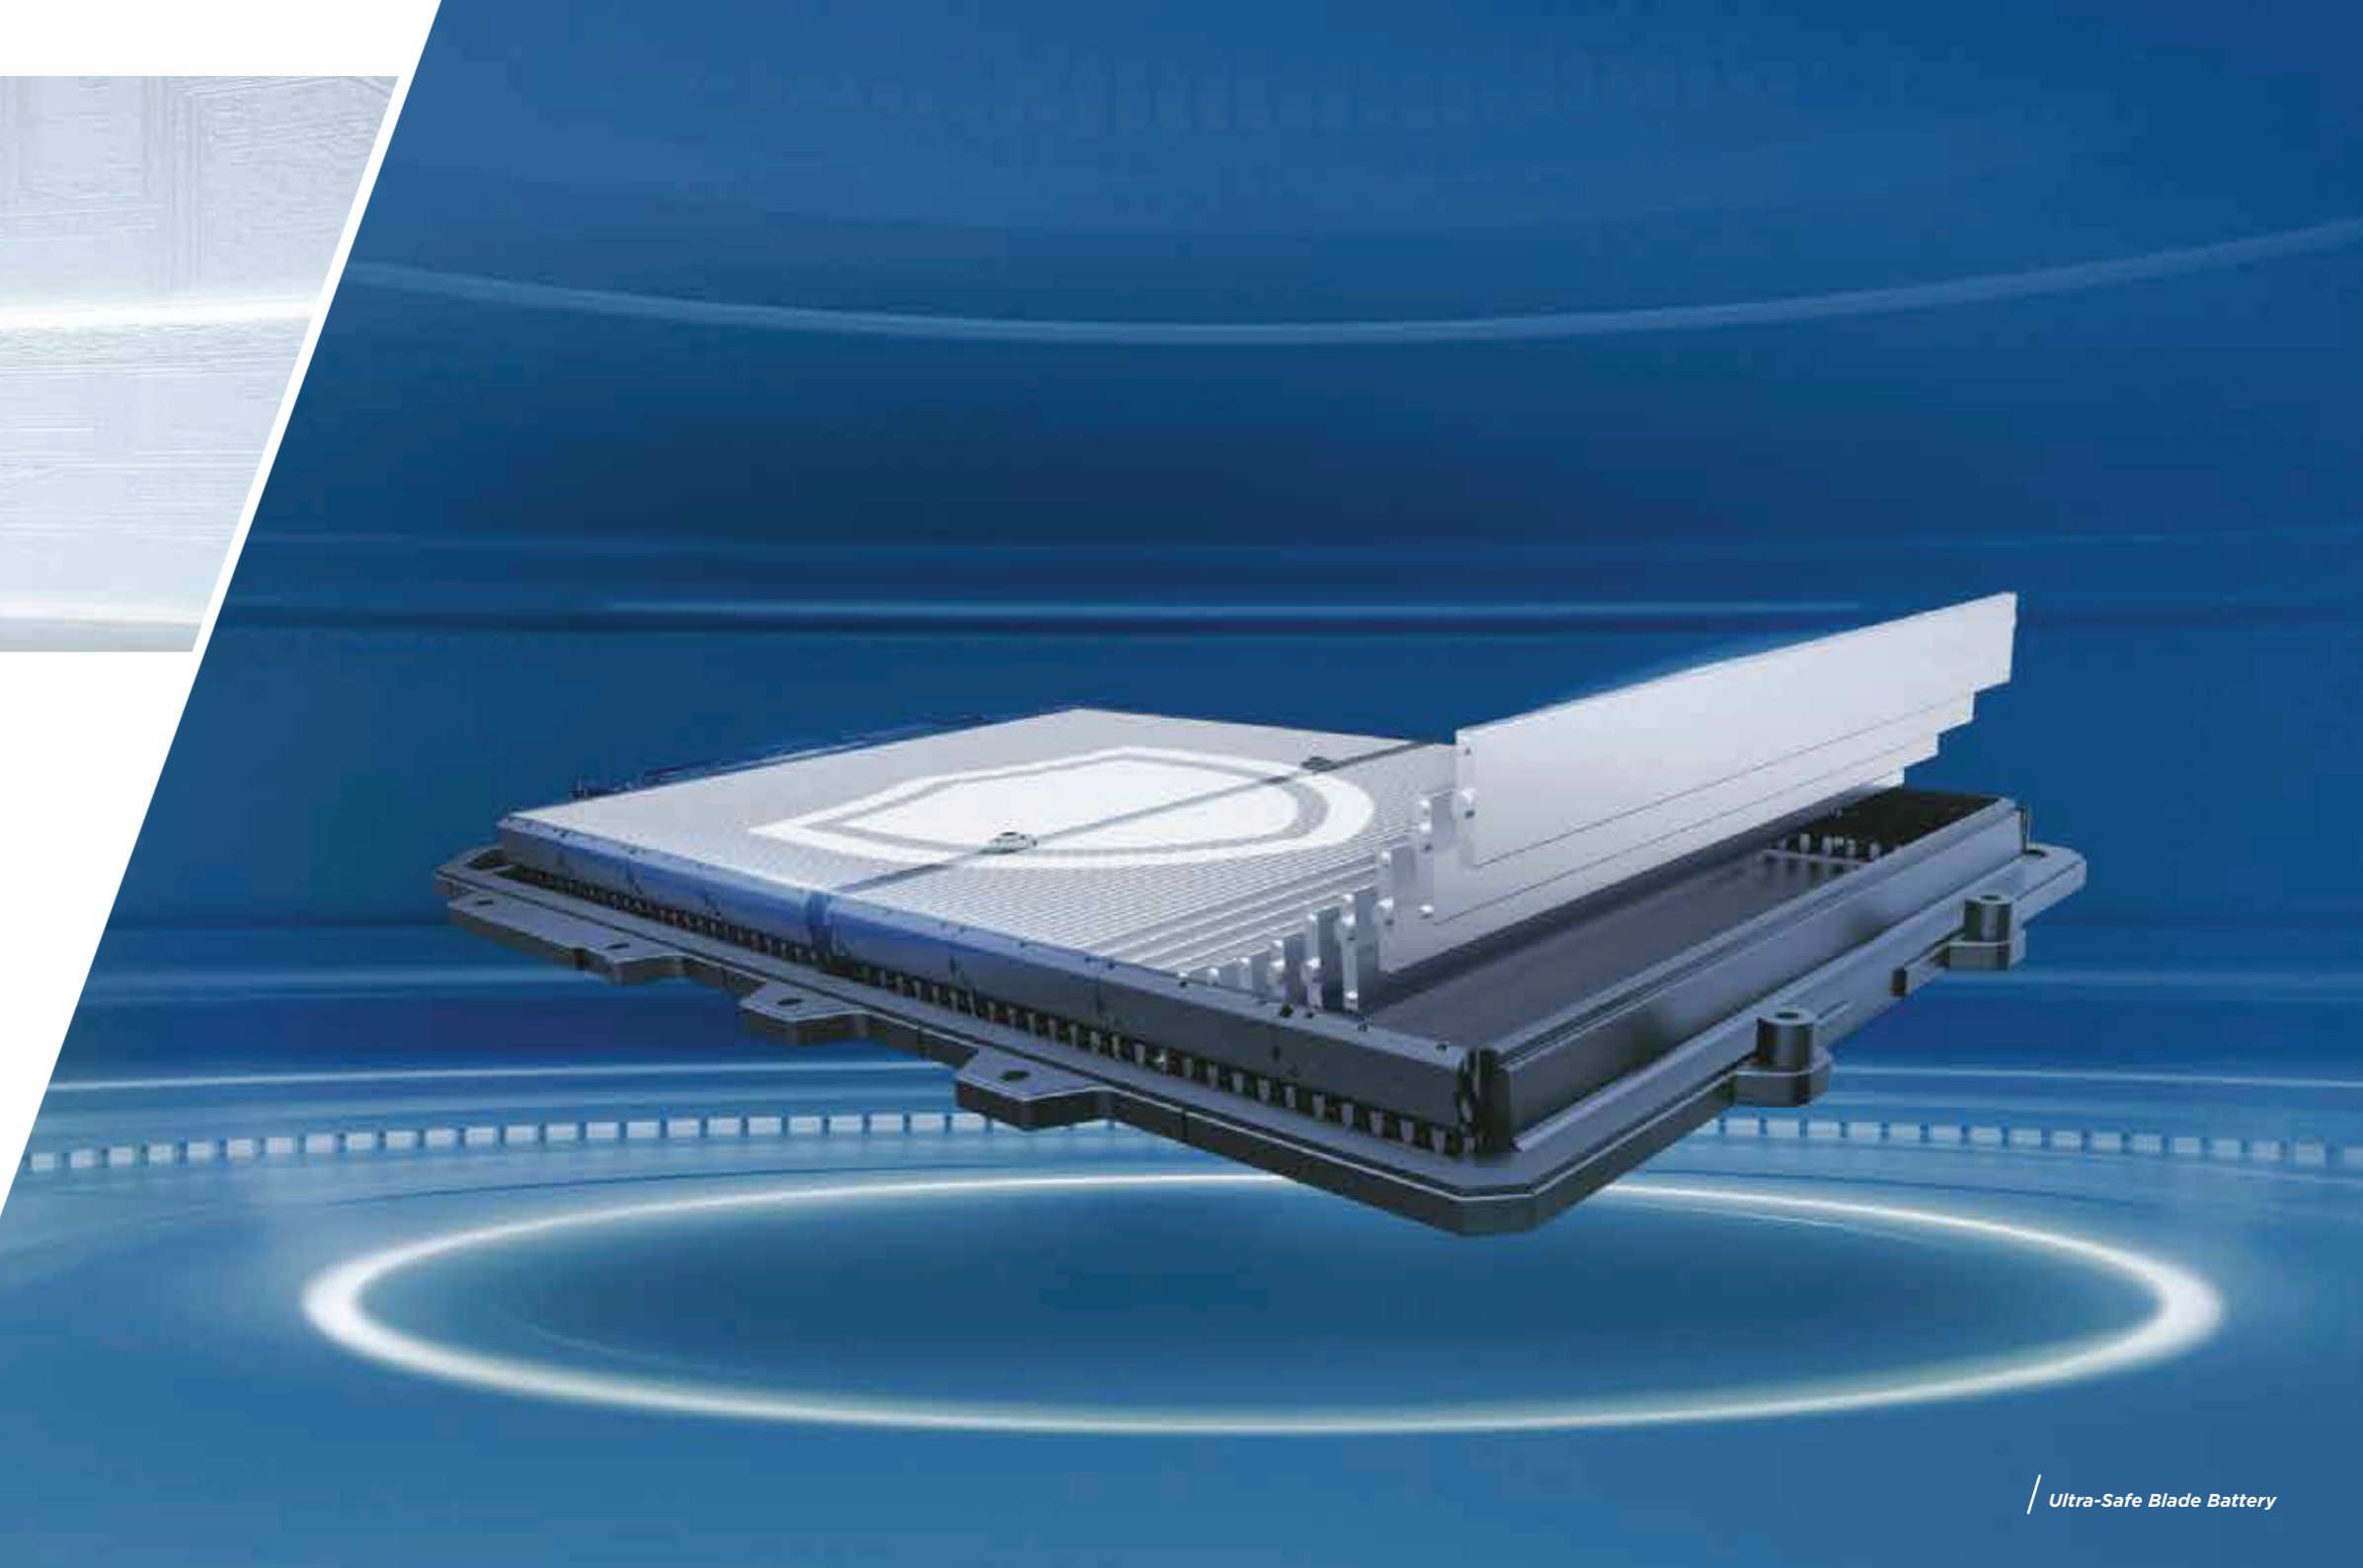

| *Enjoy a 530 km* ultra-long range for truly boundless journeys...*

Nail Penetration Test

8-in-1 Electric Powertrain

Blade Battery

BYD eMAX 7 is equipped with the Blade Battery technology, which sets new benchmarks and redefines the standards of EV safety.

Ultra Safe

Blade Battery has successfully passed the nail penetration test, the most rigorous way to test the thermal runaway of batteries. We could say that the nail penetration test is the Mount Everest of the battery safety tests.

Ultra Strength

Blade Battery completed an extreme strength test that saw a 46-tonne truck driving right over it, once again resetting the bar for power battery safety.

Ultra Driving Range

Blade Battery supports BYD eMAX 7 a range of 530 km* as per the NEDC test.

Ultra-high Charging and Discharging Capacity

Blade Battery can support BYD eMAX 7 to charge from 0% to 80% within 37 mins*, and enables BYD eMAX 7 to accelerate from 0-100km/h within 8.6s*.

Ultra-long Lifespan

The BYD Blade Battery innovates in several areas allowing it to boast an impressive energy density whilst keeping an ultra-long lifespan.

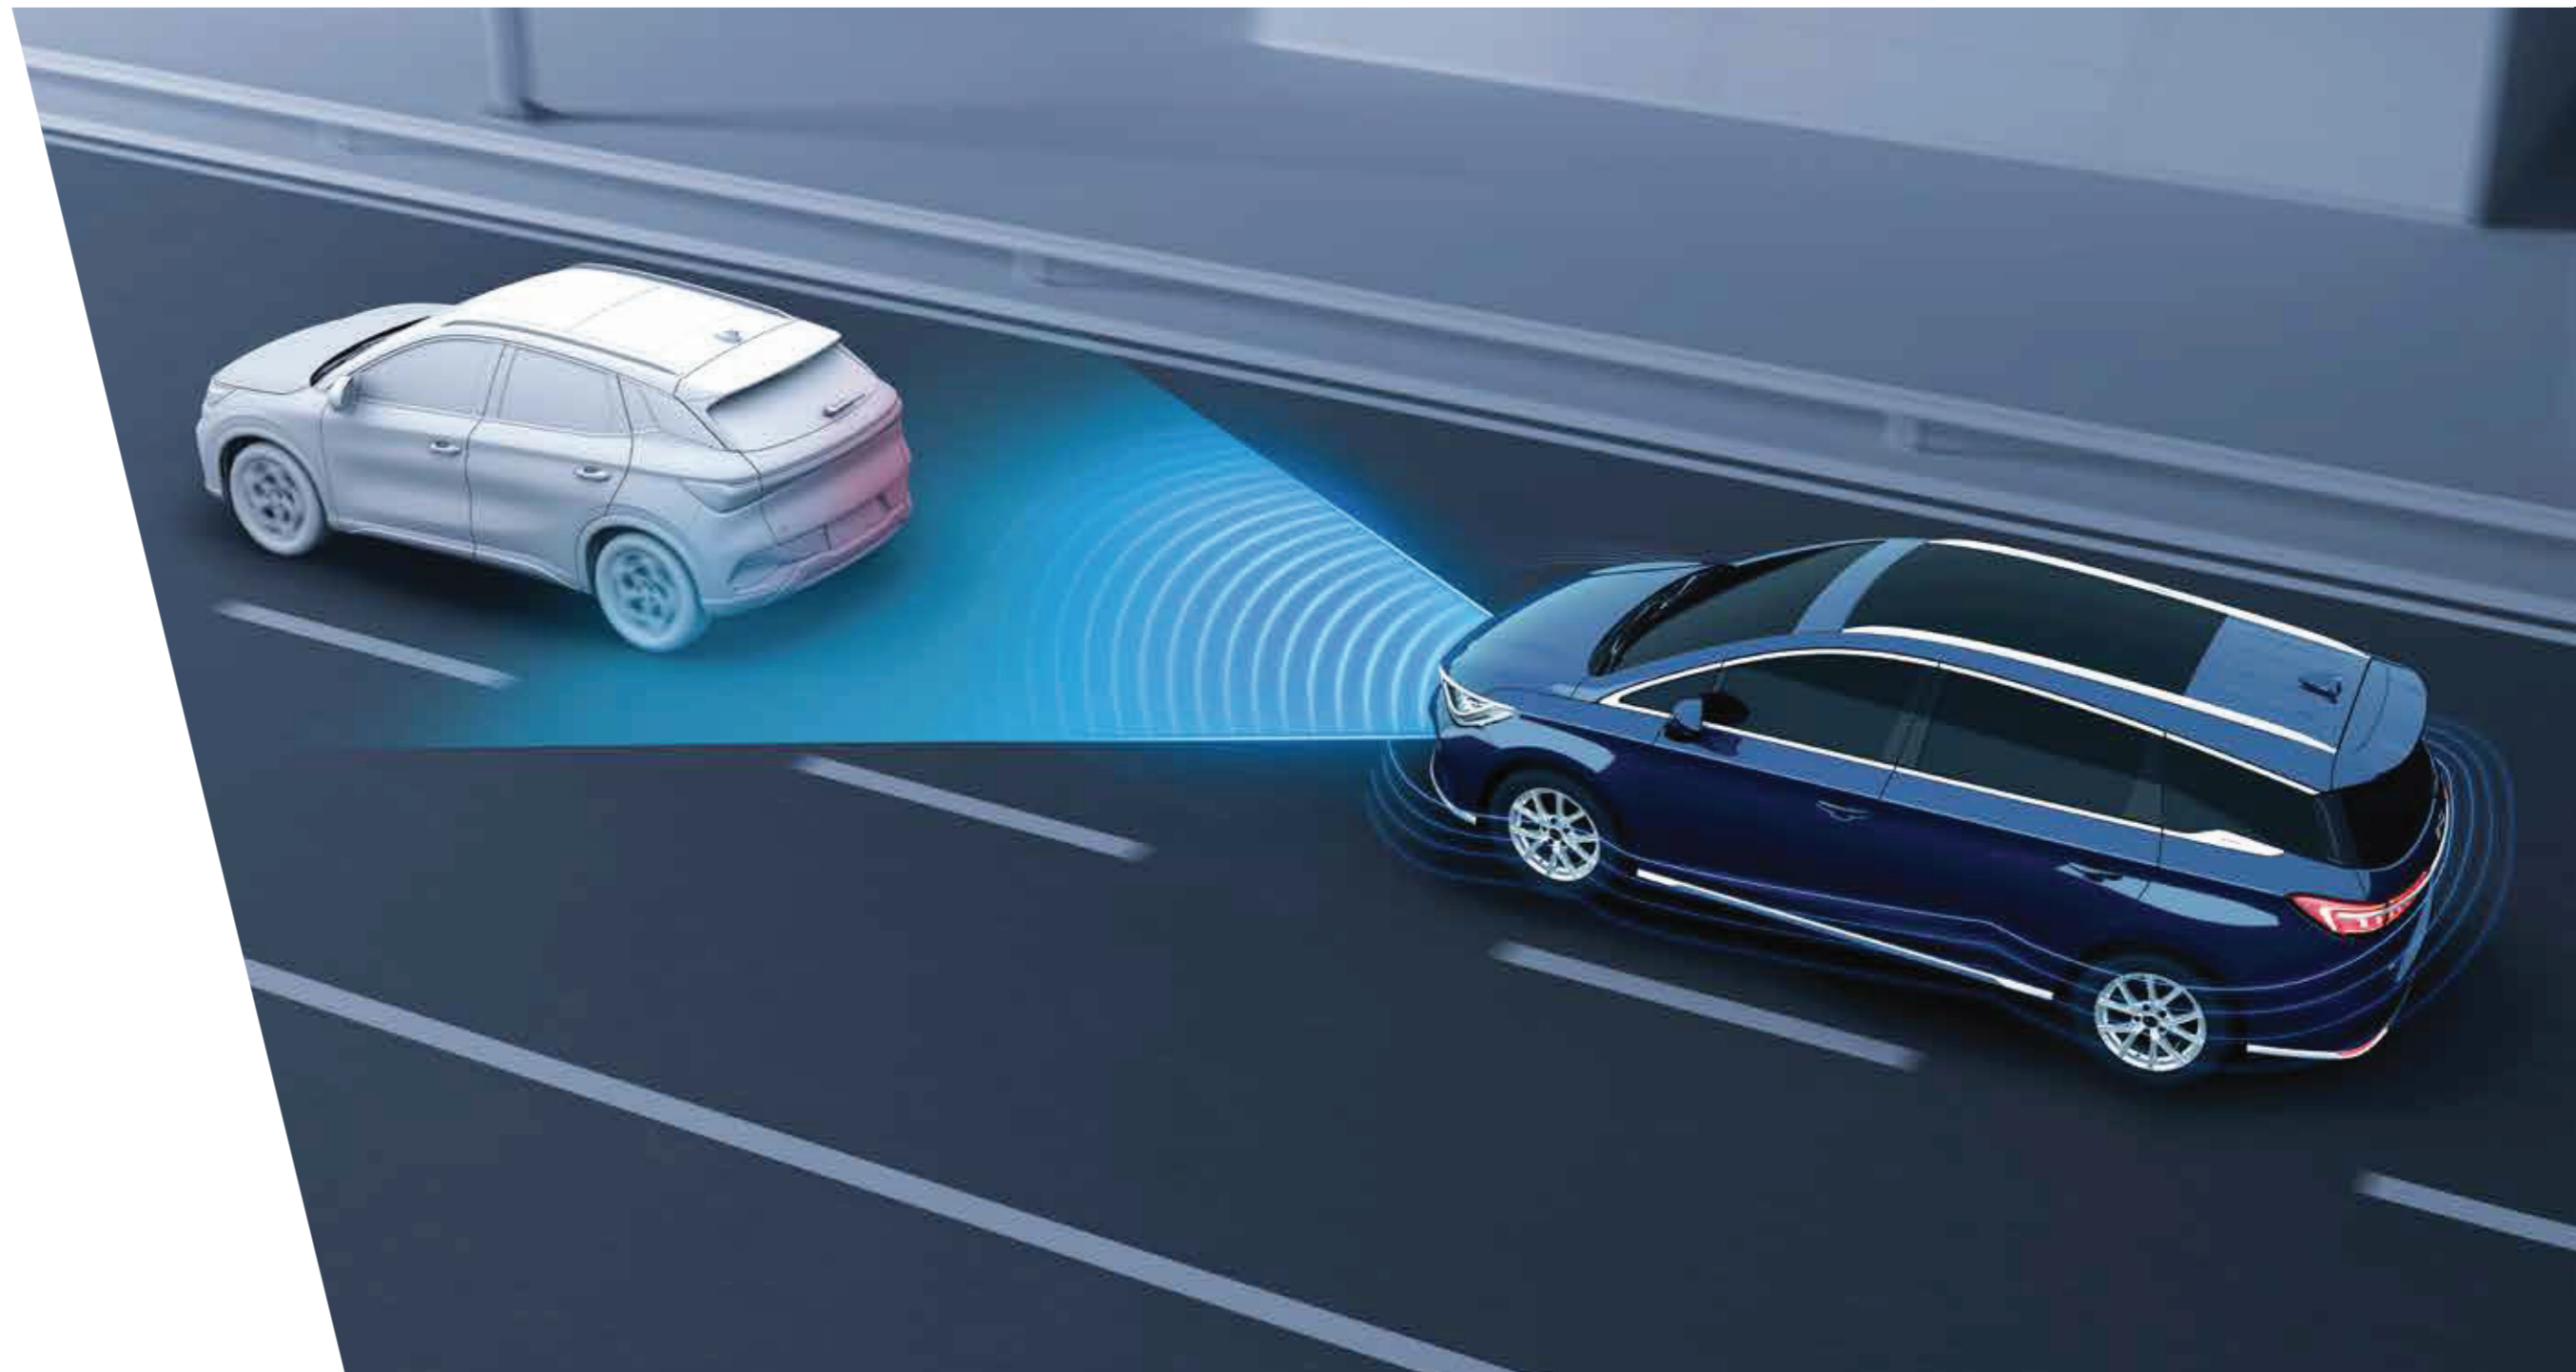

BYD Advanced Driver Assistance System

Providing an intelligent, safe and reliable driving platform.

Intelligent driving systems and multi-sensor layout provide driver with more reliable environment perception and safe driving solutions.

Safety

The BYD eMAX 7 is equipped with 6 airbags. The all-round airbag SRS protection system includes: front airbags, side airbags, side curtain airbags and load limit pretensioner safety belts to guard every corner.

Color Variants

Bring out the vibrancy in every drive, choose a color that reflects your personality
